Do you make crafts or fine art with what you find at Community Forklift?

We would like to celebrate the artists who give new lives to old

Tool Sale
and the grand opening of the new tool department!
This Saturday, Oct. 24th
Doors open at 9 am

We will have lots of modern and vintage hand tools and power tools for sale! Tools are sold

materials!

There are two ways to participate:

1) Donate a piece (or two or three!) to our December Gift Fair - just

drop it off during store hours between now and Dec. 10. Amateurs encouraged. Proceeds will support our work through the lean winter months, you'll earn a tax deduction, and if you would like some publicity, we'll feature you in our website and newsletter (which reaches over 4,000 Forklift Fans).

2) Show and sell your art at the warehouse on one Saturday in December. If

your work is chosen for the exhibit, we will give you a table and space for free. Preference is given to work that includes or celebrates reclaimed materials, and to folks with interactive displays (like **Deciduous Dave**, who makes walking sticks and juggling pins from salvaged wood - he's going to give juggling lessons!)

To submit your work for consideration, send your name, phone number, which Saturdays you are available, and descriptions/photos of your work to Ruthie@CommunityForklift.com

Now Hiring!

Community Forklift needs someone who can occasionally work at the register and in the warehouse. We

are looking for someone with retail experience, an easygoing personality, and some knowledge of home

as-is, and priced accordingly.

Salvage Arts, our newly-opened architectural salvage department, will feature antique tools, ironware, farm implements, and collectors' items.

Get here early for the best selection! Sale will continue until we close at 5pm, or while supplies last.

Can't make it Saturday? Don't worry - after the sale, we will continue to offer tools in our new tool department!
